## COUNCIL COMMUNICATION

AGENDA TITLE: Award Contract for Granular Activated Carbon Filter Systems for Wells No. 18 and 20 (\$731,760)

MEETING DATE: January 20, 1999

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt the attached resolution awarding the contract for the above project to Rutherford and Smith, of Sacramento, in the amount of \$731,755, and appropriate funds in accordance with the recommendation shown below.

BACKGROUND INFORMATION: As part of the City of Lodi's DBCP litigation settlement, money was received to pay for the design and construction of Granular Activated Carbon (GAC) Filters at water well sites 18 and 20. Well 18 is located at the intersection of Church Street and Century Boulevard. Well 20's address is 2126 West Kettleman Lane. The settlement agreement also stated that the City must install GAC filters at water well sites 18 and 20 before the City would receive any further funding for GAC filters at other water well sites. The GAC vessels will be a "low profile" design similar to the vessels at Well 16 (Beckman Park).

Plans and specifications for this project were approved on December 18, 1996, when Council approved the hiring of Brown and Caldwell to prepare the plans and specifications. The City received the following eleven bids for this project:
